

How does the SSL sports card work?

Have you used the app before? Then you can just log in with your previous account. If not follow the steps to register to make a new account:

1. Registration:

- Fill out your personal email address OR the email address of your school
- Choose a new password (it does not have to be the same as the one for your school account)
- In the next step you can fill out your details and add a profile picture

After the log in the app will ask you if you are a student or an external user. Only a verified student will have access to buy a sports card via the app.

As an external user you can use the app but you will have restricted options.

If you used the app before, it is necessary to do the verification again by the start of the new academic year via your profile page.

2. Verification as student (first log in or via your profile)

- You can choose: PXL, UHasselt, UCLL or LUCA
- This will get you to the log in of your school: here you must register with your email address and password of your school
- Done? You now are successfully verified as being a student and after connecting your Ping.Ping account you can buy a sports card via your profile!
- UCLL-student and you bought a sports card when registering at the school? After doing the verification the app will show that there is a sports card for your account. The assure the app will also send you an email. It is possible that the sports card is not instantly active. In the email you will find the information when the sports card will be active.

To buy the sports card via the app or to participate in certain activities it is necessary to do a payment. For this you need to make a connecting with your Ping.Ping account in the app or make an account.

3. Connection Ping.Ping:

- UHasselt and PXL students / staff
You automatically have a Ping.Ping account for internal use in your school, you can log in here with the same log in as for the website of Ping.Ping. Your balance will automatically show up in the app.
- Other Ping.Ping account
Did you have a Ping.Ping account before? Then you can log in with the same log in details as for the website of Ping.Ping. Your balance will automatically show up in the app.
- You do not have a Ping.Ping account yet?
As student of UCLL, Luca or external user you do not automatically have a Ping.Ping account. You can make an account via the app with the log in details you used for the registration. A unique user name will be generated for you (you will get a copy in your mailbox). The password you have to remember.

4. Top up Ping.Ping balance:

- Via the app it is possible to top up your balance. At the moment it can only be done via the app Payconiq. Make sure you install this app first on your smartphone.
- You do not have payconiq?
As UHasselt and PXL-student you can top up your balance at the Ping.Ping stations of your school.
Or via the website of Ping.Ping (<https://www.pingping.be/nl/aanmelden>) top up via other payments.

You still have problems?
